

RISING BREAST

And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co., Atlanta, Ga.

DEATH OF MRS. HAYDEN.

The End Came Suddenly Yesterday and Was A Shock to All.

The death of Mrs. S. D. Hayden at an early hour yesterday forenoon was a shock to Tempe people and will be learned with the deepest regret by her many friends all over the valley. Though she has been quite ill for the past week or more, her condition was not regarded by her family and friends as critical and none of them were prepared for the sudden end yesterday. Mrs. Hayden has been all her life a devoted wife and mother, and has been in the best of health for some time. A week or ten days ago she became confined to her bed, but the latter part of the week was considered better. Yesterday morning she attempted to sit up for a short time and the effort taxed her heart, already weakened, to so great an extent that she fainted in her daughter's arms, and Dr. Meier was hurriedly summoned. She did not rally from the sinking spell and a short time after the arrival of the physician, she expired.

The funeral arrangements have not yet been fully decided upon. Her daughter, Mary, who is attending school in California, was wired immediately and will probably arrive here Tuesday or Wednesday. It is more than probable, however, that the fu-

neral will not be held before Thursday. More definite announcement will be made tomorrow or the next day. It has been decided to hold the funeral from the Al Miller home in town, Mrs. Miller being a cousin of Mrs. Hayden, and the interment will be made in the Double Butte cemetery. Mrs. Hayden was 64 years of age, and was a native of the state of Arkansas. She came west when a young lady and for several years taught school in California. It was there she became acquainted with C. T. Hayden and was married to him in 1875, they coming direct to Tempe from there. Tempe at that time was known as Hayden's Ferry and consisted of but the mill and the Hayden store. Mrs. Hayden was the first or second white woman to live on the south side and was one of the first to make the territory her home. Since her arrival here in '78, she has been a continual resident of Tempe, though she has at times spent a few weeks or months in California and her former home in Arkansas.

There is probably no woman in the territory better known and more highly regarded by all who enjoyed her acquaintance. She is survived by one son, Carl Hayden, the present sheriff of Maricopa county, and two daughters, Sallie D. and Mary M. Hayden.

A JOINTSESSION.

Committees from the A. O. U. W. and Degree of Honor lodges met Friday evening for the purpose of making arrangements for the next joint session of the two lodges. The exact

date of the function was not decided upon, but it will probably be held the latter part of the month, and will be on the Finch lawn. More definite announcement will be made when the plans are further perfected.

STORE IMPROVEMENTS.

Hyder Bros. Extend Their Business to The Store's Limit.

It has become a habit with Hyder Bros. once each year, to make some additional improvements in their store and extend the capacity of the building. It began the first year with setting the partition back a few feet nearer the rear. This was continued until the partition was done away with entirely and there was no further room in the back. More room still being necessary, the change this year has been made in the shelving and the shoe department now reaches to the ceiling on one side of the room. A modern ladder and track is now on the way and when it is here and has been installed, the department will compare favorably with any other in the valley. The shelving on the other side of the store has also been changed and is entirely new. It is divided into the stock which the firm carries. It is presumed that when the time comes next year for a further increase in the capacity of the store, an addition will be built on the rear. In fact, this is the only move left.

SHORT NOTES.

Mrs. W. W. Geach and children returned yesterday morning from California. They were met at Maricopa the night before by Mr. Geach. Robert Mullen left Saturday night for a trip to Los Angeles, on business and pleasure. J. E. Price returned yesterday morning from California. He reports the Jones baby much improved. Mr. and Mrs. Geo. Dobson returned yesterday from San Francisco and other California points, where they have been spending the past few weeks. Mrs. Mark Redden was among the arrivals from California yesterday morning.

MESA

AGAIN LAYING CEMENT.

George Steinmetz, the company of the firm of O'Rourke & Co., the contractors on the government dam at Roosevelt, came down Saturday night and went on to Phoenix yesterday morning. Mr. Steinmetz made the trip for the purpose of looking after his nephew, Ezra Steinmetz. The young man left Roosevelt a few days since for the purpose of acting as best man at the wedding of his friend, Mr. Rob-

inson. He remained all night in Mesa and the next morning was quite ill. He spent the day in Mesa, had medical attention, and was feeling so well that the same night he went on to Phoenix. The next day he was compelled to call in another doctor, and it was found that he was suffering from appendicitis. Saturday an operation was performed and the boy seemed to be doing all right, but Mr. Steinmetz thought he had better come down and see how he was. Ezra was on his way to Texas to be married, and it is hoped that he will be in shape to not keep the bride waiting.

Mr. Steinmetz says that cement laying on the dam was resumed yesterday, after quite a long delay on account of high water. For many years, prior to the commencement of work on the dam, the water never rose above 5000 inches at this season of the year. Soon after the work was begun, high water became the rule, not the exception. This season the water has been unusually troublesome. The dam is up to a point where the water cannot damage the work completed, but it delays the completion of the dam. Mr. Steinmetz hopes now that the company will be able to push things along without so many delays.

IN PRECARIOUS CONDITION.

Mrs. Mark Newell is in a very critical condition, and Doctor Moore was sent for yesterday. She is suffering from an acute attack of appendicitis. The inflammation was so bad that the physicians feared to perform an operation. A consultation was held last evening, but the conclusions arrived at have not been made public.

THE NEGRO QUESTION.

The proposition advocated by some of the truck growers to secure a large acreage of ground and import a few negro families to do the work, has met with vigorous protest on the part of others. It is claimed that if a few families of colored people are brought in there will be more follow, and that though the first importations may be all right, it will give an opening for a large "undesirable class." It is probable that the plan of the truck growers will be abandoned, and if they cannot get white labor will depend upon Japanese or Chinese.

MAY GO TO GLOBE.

James Daley, proprietor of the Mesa pool hall, will leave for Globe this morning. The object of his journey is to try and secure a location for his business in the mountain camp. He says that the local regulations have become so stringent there is no money in the business here and he will seek a town where everything is a little more "on the wide open" order.

HAS IMPROVED HIS RANCH.

Some time since Henry Duke located a homestead ranch at Queen Creek, and has spent several hundred dollars in improving it. He has just completed a house, which will be his home until the land is proved up, and has fenced the entire quarter section with barbed wire. He says the dry land ranchers thrashed about three thousand sacks of grain this season, in spite of the Jack rabbits, and they expect to do a great deal better the coming winter.

THE SOUL.

To the Editor of The Republican, Sir: Why, most certainly the human soul can be photographed; but not an imaginary soul, such a soul as is believed in by the great majority of the human race. A something, each human being is said to possess. A soul—that is immaterial, indivisible, that cannot be seen, felt, or handled, that becomes disembodied at death; and immediately takes its flight (according to the belief of all so-called Christians), either to an imaginary heaven, or hell. The idea that such an imaginary soul may be photographed is the veriest bosh and should not for a moment be entertained by any intelligent being in this twentieth century. There is not a word of Scripture in the Bible that says that man is in possession of an immortal or never-dying soul; or that man possesses inherent immortality.

The lie was first spoken by the serpent in the Garden of Eden, when he told the first human beings that they should not surely die, in contradiction to what God had said that, if disobedient they should surely die. It was

THE TOGGERY

MESA - - - ARIZONA

also said of the first man, Adam, Gen. 2: 7, that "The Lord God formed man of the dust of the ground, and breathed into his nostrils the breath of life, and man became a living soul," or a living animal, or creature; translated from the Hebrew words Nephesh Chayah, signifying a living animal.

The great mass of the human race from that day to this, have been more ready to believe the Serpent's lie, than the truth. When the sentence was pronounced on the first pair, for transgression, the penalty was death, to give up the breath in his nostrils and return to dust, from whence he was taken. Gen. 3: 19.

Paul says: "The wages of sin is death." The Prophet says that "the soul that sinneth it shall die." The doctrine of the immortality of the soul, is the foundation of all error, in so-called Christendom; and consequently this most pernicious falsehood is preached and proclaimed from thousands of pulpits continually, and the masses gladly swallow it and are deceived and professors and so-called scientists—fakers—would make you believe that they can photograph this imaginary soul.

J. M. PIKE.

Harvey S. Stiles, a horticulturist, has made a discovery of great interest to the people of the Southwest. He finds that dates of the choicest variety, rivaling the kind raised in Syria, will grow in Texas in the territory included in a triangle formed by a line drawn through Laredo and Corpus Christi, thence down to Brownsville and up again to Laredo. Mr. Stiles went to Texas from California and began to experiment. He found the female date tree in the Brownsville country and began a search for the male tree. He presently discovered this and pollinated the two. As a result he raised 140 pounds on three branches on one tree. It now seems probable that the date industry will prove a great feeder for the Brownsville country.

ARTICLES OF INCORPORATION

Of "B. D. & H. Mining Company."

We, the undersigned, do hereby associate ourselves together for the purpose of becoming incorporated under the laws of the Territory of Arizona, and do hereby certify that the following articles of incorporation, viz:

ARTICLE I.
The name of the incorporators are Harvey E. Hall, Michael P. Ryan, Paris Fletcher, Asa G. Briggs, Roscoe R. Higbee, Thomas R. Kane and Frederick A. Hall.

The name of the incorporation shall be the "B. D. & H. MINING COMPANY." The principal place of transacting business shall be Phoenix in the Territory of Arizona. A branch office of the corporation for the transaction of its business may be established by the Board of Directors at any other place in the United States, at which place meetings of the stockholders and directors may be held and books of the corporation kept.

ARTICLE II.
The general nature of the business proposed to be transacted shall be to purchase, locate, bond or otherwise acquire, hold, exchange, sell, mortgage and dispose of and deal in lodes, mines, mining claims, mining properties, real estate, town sites, valuable ores, minerals and mineral bearing earth or rocks, water and water rights, and to work, operate and use the same; to develop, use, sell and otherwise dispose of electricity and electric power, and for that purpose to construct, buy or otherwise acquire all the property necessary or desirable for the purpose of developing, selling, using or otherwise disposing of the same; to acquire and erect mills, concentrators, reduction works and smelters for extracting values from ores and minerals, and to operate the same; to acquire and own all the machinery necessary or incident to the conduct of the business of the corporation; to do and perform any and all things incident to mining, milling, transporting, smelting and reducing ores and minerals and of disposing of the products thereof, or necessary or incident to the conduct of any and all business which this corporation is authorized to do; to construct, maintain and operate roads, railroads and railways.

ARTICLE III.
The amount of capital stock authorized shall be Two Million Dollars (\$2,000,000) and it shall be divided into Two Million (2,000,000) shares of a par value of one dollar each. The capital stock shall be paid in when it is subscribed for and when the certificates therefor are issued. It may be paid in in cash or property acceptable to the Board of Directors.

ARTICLE IV.
The time of the commencement of the corporation shall be June 15th, 1907, and the determination of the corporation shall be twenty-five (25) years

from the time of its commencement.

ARTICLE V.

The affairs of the corporation shall be conducted by a board of seven directors and the following officers, viz: a president, a vice president, a secretary, an assistant secretary, a treasurer and an assistant treasurer. The members of the Board of Directors shall be elected by the stockholders annually at their annual meeting. The officers shall be elected by the Board of Directors at a meeting to be held immediately after the election of the Board of Directors each year. Should the stockholders fail to elect any member or members of the Board of Directors, they may elect such members of the board at a meeting of stockholders called for that purpose. Until such time as their successors shall be elected, the incorporators herein named shall be the directors of the corporation. The annual meetings of stockholders shall be held on the first Tuesday in June in each year after the year 1907. Until their successors shall have been elected, Michael P. Ryan shall be president, Harvey E. Hall shall be Vice President, Thomas R. Kane shall be Secretary, Charles Briggs shall be assistant secretary, Paris Fletcher shall be treasurer, and N. A. Doney shall be assistant treasurer. The Board of Directors may adopt such by-laws, not inconsistent with law, as they may deem proper.

ARTICLE VI.

The highest amount of indebtedness or liability to which the corporation is to at any time subject itself, is Five Hundred Thousand Dollars (\$500,000).

ARTICLE VII.

Private property shall be exempt from corporate debts. The capital stock shall be non-assessable.

IN WITNESS WHEREOF The above named incorporators have hereunto set their names and seals this 14th day of June, 1907. In Presence of

C. R. ST. JOHN, F. A. SEARS.

HARVEY E. HALL (SEAL)

STATE OF MINNESOTA,

COUNTY OF RAMSEY—ss.

On this 14th day of June, 1907, before me, C. R. St. John, a Notary Public in and for the above named county, personally appeared Harvey E. Hall, Michael P. Ryan, Paris Fletcher, Asa G. Briggs, Roscoe R. Higbee, Thomas R. Kane and Frederick A. Hall, known to me to be the same persons whose names are subscribed to the foregoing instrument and they each acknowledged to me that they executed the same for the purpose and condition therein expressed.

Given under my hand and seal of office this 14th day of June, A. D. 1907. (SEAL) C. R. ST. JOHN, Notary Public, Ramsey County, Minnesota.

My commission expires June 4, 1908. TERRITORY OF ARIZONA, County of Maricopa—ss.

I, C. F. LEONARD, County Recorder in and for the County and Territory of Arizona, hereby certify that I have compared the foregoing copy with the original Articles of Incorporation of the B. D. & H. Mining Company filed and recorded in my office on the 19th day of June, 1907, in Book No. of Incorporations, at Page, and that the same is a full, true and correct copy of such original and of the whole thereof.

Witness my hand and seal of office, this 19th day of June, 1907. (SEAL) C. F. LEONARD, County Recorder.

Filed in the office of the Territorial Auditor of the Territory of Arizona this 20 day of June, A. D. 1907, at 10 A. M. at request of H. E. Hall, whose postoffice address is St. Paul, Minnesota. JOHN H. PAGE, Territorial Auditor.
